Governance Matters: Navigating Neighborhood Association Boards

JUNE 26, 2025
Dinner Provided

Join us for "Governance Matters: Navigating Neighborhood Association Boards," part of the Neighborhood 101 Workshop series! Whether you're an experienced association board member or a passionate neighbor eager to make a difference, this workshop will equip you with the knowledge and confidence to lead effectively.

We're thrilled to welcome Cheri Becker, who brings a wealth of experience in leadership and community development, leadership training, corporate and non-profit management and leadership assessment and feedback. Her perspective will inspire and guide participants in understanding the value and impact of strong neighborhood governance.

Cheri Becker retired as VP of Investor Services and Programs including Leadership Fort Wayne from Greater Fort Wayne Inc. and currently consults on special initiatives. Becker has held leadership positions with several non-profits including the Northeast Indiana Business Assistance Corp., Northeast Indiana SBDC, Leadership Fort Wayne, Invent Tomorrow and JobWorks.

Previously, Becker held positions as Director of Investor/Stakeholder Communications and Worldwide Service Products Director for Sterling Diagnostic Imaging and, founding executive of the Children's Museum of the Upstate in Greenville, SC.

Becker, an Indiana Tech alumna, serves on the Board of Trustees and holds certificates from Ball State University's Economic Development Academy and Center for Entrepreneurial Resources, Foundations of Consulting and Board Service and Governance from Grand Valley State University. She is a Leadership Fort Wayne alumna and leadership development certified by the Center for Creative Leadership.

WORKSHOP DESCRIPTION

At this workshop, participants will explore the essential roles and responsibilities of board members, gain an understanding of the difference between a Neighborhood Association and Home Owner's Association and uncover strategies for fostering collaboration and communication, and gain practical tools for navigating challenges like volunteer and board turn-over and recruitment. The workshop will wrap up with an engaging and interactive visioning session and offer attendees a chance to practice effective communication and collaborative decision-making.

Together, let's strengthen our communities!
